

# ROYAL FEDERATION OF AERO CLUBS OF AUSTRALIA

## FEDERATION AWARDS

In 1962 the RFACA instigated the **FEDERATION AWARDS** as a means of giving official and national recognition to Club Members and/or Employees who by virtue of their individual commitment over many years make an outstanding contribution to their Club.

From the Nominations received the Executive of the Federation select up to three, or in special circumstances four recipients in any one year.

The following guidelines are to be considered when nominating candidates:

- The contribution made by the individual must be of a nature over and beyond what could normally be expected of an Aero Club member or employee.
- The services rendered must have benefited the Aero Club movements as a whole. Significant contributions to one particular Club may be deemed to have done this.
- Contributions made or services rendered by an employee must be deemed to have benefited the Aero Club movement generally as well as the employer and also be considered to have clearly exceeded what could reasonably have been expected of an employee in the performance of his/her paid duties.
- Length of service alone is not sufficient recommendation.

**Some Clubs have not as yet taken up this opportunity so all Presidents and Committees are urged to seriously consider whether there are any of their Members of Staff who should be recognised but may have been overlooked. Recipients receive a Framed Certificate, a small set of gold wings and a Medal.**

**NOMINATIONS FOR AWARDS FOR 2017 SHOULD REACH  
AWARDS, RFACA, PO BOX 164, RUTHERFORD NSW 2320 or  
EMAIL: rfaca@ozemail.com.au**

**BY 5 MARCH 2018**
