FEDERATION AWARDS

In 1962, the RFACA instigated the **FEDERATION AWARDS** as a means of giving official and national recognition to Club Members and/or Employees who by their individual commitment over many years make an outstanding contribution to their Club.

The Executive of the Federation may select up to three recipients from received nominations, or in special circumstances, four recipients in any one year.

The following guidelines are to be considered when nominating:

- **The contribution made by the individual must be of a nature over and beyond what could normally be expected of an Aero Club member or employee.**
- **The services rendered must have benefited the Aero Club movement generally. Significant contributions to an individual Club may be deemed to have achieved this.**
- **Contributions made or services rendered by an employee must be deemed to have benefited the Aero Club movement generally as well as the employer and, also be considered to have clearly exceeded what could reasonably have been expected of an employee in the performance of his/her paid duties.**
- **Length of service alone is not sufficient recommendation.**

Presidents, Committees and Managers are urged to consider whether any of their Members of Staff should be recognised but may have been overlooked. Recipients receive a Framed Certificate, a small set of gold wings and a Medal.

Nominations for this award for 2021 should be forwarded to the Secretary at secretary@rfaca.com.au by **11 June 2021**.
